Sire:  
Dam:  
Sex:  
Registration Information: AKC/IMASC  
Color:  
DOB:  
Pet ID #:  
Microchip #:

**Additional Notes:**

## BlueZion Guarantee

All BlueZion Aussies are given a health exam prior to leaving our home; to the best of my knowledge your puppy is healthy and in sound condition at the time of sale. BlueZion Aussies guarantees this puppy to be healthy and free of any major communicable diseases, to include Parvo, Distemper, Heartworms, Kennel cough, Giardia or Coccidia (excluding internal/external parasites as these are easily treatable) for 24 hours from the date of purchase. We also require you to take your puppy to a licensed Veterinarian within 48 hours of receiving your puppy to affirm this contract remains valid, failure to do so deems this guarantee void.

BlueZion Aussies guarantees this puppy to be free from genetic defects for the first year of life. If your puppy is found to have a genetic defect (excluding a "companion" male in which one or both testicles have failed to descend as this will resolve with neutering; or the MDR1 or DM trait) it will be replaced by another puppy of the same color, sex and value from the first compatible litter. We require confirmation of the genetic defect from 2 separate licensed veterinarians. No money will be refunded. The buyer is responsible for any and all vet bills as well as for any shipping or transportation costs.

If your puppy shows any signs of poor health in the first 24 hours it must be taken to a licensed veterinarian immediately and we must be notified as soon as possible with signed documentation from the veterinarian. Failure to do so will cause this guarantee to become null and void.

In addition this guarantee shall become null and void if the puppy is given vaccines or medications other than what is on the schedule given by BlueZion Aussies. If you choose to do genetic testing on your puppy and the MDR1 is clear, yet you choose to use any MDR1 prohibited medications, this guarantee will be null and void.

Due to the variety and quality of dog foods available (and all canine illnesses are NOT covered by vaccination) we require that all BlueZion dogs be kept on NuVet Plus Canine. This nutritional supplement is only available by calling 800-474-7044 and giving the order code 910658. Failure to continue this supplement will make this health agreement null and void. In addition if your dog will be engaging in high energy activities we recommend using NuJoint supplement for dogs. Here at BlueZion Aussies we work hard to provide you with a healthy puppy; we pass that responsibility on to you for a lifetime.

All BlueZion dogs are registered with AKC as Australian Shepherds and all BlueZion dogs and their offspring must be registered under the Australian Shepherd breed only. Nor shall any BlueZion dog or its offspring be allowed to be bred to any other breed of dog. AKC recognizes another breed, the Miniature American Shepherd that is genetically close to the Australian Shepherd, but is now distinctly recognized as a separate breed. BlueZion Aussies does not support the crossbreeding of these dogs.

All "companion" only (limited registration) dogs must be spayed or neutered by 8 months of age and proof from a licensed veterinarian provided to the breeder. Failure to do so will require the buyer to pay the breeder a \$5,000 fine.

A \$350.00 non-refundable deposit is required. By making this deposit you are agreeing to our contract with all its terms and conditions. Deposits can be made before a litter is born to hold a specific puppy, if there is not a puppy that you are hoping for your deposit will be carried over to our next litter and remains non-refundable. These deposits are taken on a first come first serve basis and no puppy will be marked as sold until it is paid in full.

We cannot guarantee the size or eye color of any puppy.

We request that your puppy's registered name begin with BlueZion to support the quality lineage of the Australian Shepherd that we continually strive to provide.
